### TAKEN TO PERRY.

Jack McNay and Harry Johnson to Answer Charge of Burglary.  
Sheriff Clinton of Perry took Jack McNay and Harry Johnson to Perry last night to answer to the charge of burglary. The two men were caught here Monday. The sheriff came after them Thursday but the two refused to go to Oklahoma without a pardon and these were procured by the sheriff yesterday from Governor Bailey.

### WON SECOND GAME.

Mt. Hope Defeated El Dorado by Score of 3 to 2.

The Mt. Hope baseball team defeated

Careful Men. Prompt Service.  
**THE CITY TRANSFER CO.**  
J. H. GRAHAM, Manager.  
Largest in city. Constantly increasing and improving our facilities.  
Office under Kansas National Bank.  
Both phones 107. Barn, new, 1407.

the El Dorado team yesterday at Mt. Hope by a score of 3 to 2. This is the second game of the series, which will end today and Mt. Hope has carried off the plum each day. The game yesterday was more exciting than the one of the day before. Campbell and Senter did the heavy work for Mt. Hope, and Becker and Sambaugh for El Dorado.

### TAKEN TO HIS HOME.

Santa Fe Switchman Who Fell Under Train Is Improving.  
Ed Quisenberry, the Santa Fe switchman who fell under the moving train near Twenty-first street a few days ago and who was quite badly hurt, is slowly recovering. Yesterday his condition was sufficiently improved that he could be taken from the St. Francis hospital to his home, 412 North Washington avenue. It will be some time, however, before he will be able to be out again.

Earl Blake, who has been confined to his home for several days because of sickness, is much better and is able to be at work again.

## BIRDS WERE SEIZED

Wells-Fargo Co. to Be Prosecuted for Shipping Plover.

## UNDER THE LACEY ACT

Open Season for Grouse and Chicken Begins Today.

O. B. Stocker, chief warden of the League of American Sportsmen, and Police Officer Renshaw, contacted an express package containing seven dozen plovers yesterday morning at the Wells-Fargo express office and the express company will have to answer charges for the violation of either the Lacey act or the state game law, and perhaps for violation of both.

Yesterday morning a suspicious looking box assigned to M. Judy, St. Louis, was discovered at the express office at the Santa Fe yards and Warden Stocker was telephoned for. Together with Officer Renshaw, who, with all policemen, is appointed under the state game law a game warden, he went to the express office to secure the package. The agent made no great objections and the box was taken to the police station, where it was opened and the contents examined. The box was found to contain the bodies of seven dozen plovers, which were confiscated and given to the two hospitals in this city.

The identity of the shipper has not been discovered, but Mr. Stocker said yesterday that the Wells-Fargo Express company would be prosecuted for accepting the shipment. Under the state law it is unlawful for an express company or any agent, employee or manager of such company, to accept for shipment plover and several other game birds of this state. The Lacey law also prohibits the shipment in Kansas, and where it is lawful to ship these birds it specifies that the package must be plainly marked with the name of the shipper and the nature of the contents. The penalty for the violation of this may be as high as \$200 and costs. As it is alleged that the only markings on the package of plover found at the express office yesterday was the name of the assignee, "M. Judy, St. Louis," it may be seen that the express company is placed in a bad predicament.

Warden Stocker said yesterday: "Unless the express company enter a plea of guilty today and pay their fine, I will swear out United States warrants for them under the Lacey act tomorrow. We have evidence to convict them on several counts if we shall deem it necessary. The violation of the game laws must be stopped. We know of other parties who are violating these laws by shipping game and are now collecting evidence against them. We wish to make examples of these who are found violating the laws and several arrests will be made soon." There are many people who do not know that they lay themselves liable to a heavy fine whenever they ship prairie chicken, grouse, quail, plover, pheasant, turtle doves, wild geese, wild ducks or wild brant out of the state at any time of the year, even though it be during the open season. Until this year it was not unlawful to ship ducks, geese and brant out of the state, but the amendment made to the game law at the last regular session of the legislature added these birds to the list.

The season for the shooting of prairie chickens and grouse opens today. Sportsmen will be allowed to kill these birds for the next six weeks, till the first of October. This is now the open season for doves, prairie chickens, plovers and grouse. The season for wild ducks, wild geese and wild brant does not open till September 1.

Sections of the Kansas game law, regarding the open season and prohibiting the shipment of game birds are printed below:

Be it enacted by the legislature of the state of Kansas:  
Section 1. That section 1, chapter 22 of the laws of 1901, be amended so as to read as follows: "It shall be unlawful for any person or persons at any time, except as hereinafter provided, to hunt, catch, kill, pursue, entrap, or ensnare any prairie chicken, quail, pheasant, oriole, meadow lark, robin, thrush, red bird, mocking bird, bluejay, bluebird, wild ducks, wild geese and wild brant; provided, it shall not be unlawful to shoot grouse and prairie chicken from August 15 to October 1, doves from August 1 to September 1, plover from July 15 to September 15, wild ducks, wild geese and wild brant from September 1 to April 25 of each year; provided, further, that this act shall not prevent the owner of orchards from shooting bluejays and orioles at any time for the protection of such orchards; and provided, it shall not be unlawful to shoot quail from November 15 to January 1."

Section 2.—Buy or Sell.—It shall be unlawful for any person or persons, company or corporation at any time to buy, sell, barter, ship or offer for sale, barter or shipment, within the state of Kansas, any bird or birds named in section 1 of this act. The having in possession by any person, company or corporation, of any bird or birds named in section 1 of this act, except by a person who has lawfully killed the same, shall be deemed prima facie evidence of a violation of this act.

Section 3.—Common Carriers.—It shall be unlawful for any railroad, express or transportation company or corporation, or any agent, employee, or manager of such company, to accept, within the state of Kansas, for shipment or transfer, any of the birds mentioned in section 1 of this act. The having in possession of any of the birds mentioned in section 1 of this act by any such railroad, express or transportation company or corporation or agent or employee or manager thereof, shall be deemed prima facie evidence of a violation of this act.

Section 4.—Penalty.—Any person, or the manager, agent or employee of any company or corporation found guilty of a violation of any of the provisions of this act, shall be deemed guilty of a misdemeanor, and upon conviction thereof before any court of competent jurisdiction shall be fined in a sum not less than \$5 nor more than \$100 for each and every offense, and his costs together with an attorney's fee of \$10 and shall be committed until such fine, costs and attorney's fee shall be paid.

The Lacey act passed by the United

states congress prohibits interstate commerce in Kansas of the birds named in the first section of the above law. The section of the Lacey law under which Warden Stocker said yesterday that he would swear out warrants against the Wells-Fargo Express company is as follows:

Section 4. That all packages containing such dead animals, birds, or parts thereof, when shipped by interstate commerce, as provided in section 1 of this act, shall be plainly and clearly marked, so that the name and address of the shipper and the nature of the contents may be readily ascertained on inspection of the outside of such packages. For each evasion or violation of this act the shipper shall, upon conviction, pay a fine of not exceeding \$200; and the consignee knowingly receiving such article so shipped and transported in violation of this act shall, upon conviction, pay a fine of not exceeding \$200; and the carrier knowingly carrying or transporting the same shall, upon conviction, pay a fine of not exceeding \$200.

## TWO GASHES ON HEAD.

Tom Hollenback Was Assaulted and Badly Hurt.

Tom Hollenback, who is now located somewhere near Sunnydale, and who comes to town at regular intervals for a little celebration and to visit old friends, was rather unfortunate yesterday. In the evening he was assaulted in front of the Pacific saloon and was seriously injured and as a climax to his troubles he was taken to Chief Burt's lodging house in the city building, to be treated. He received two bad cuts on his head, a deep one above the right eye and a long gash on the left side of his head above the ear.

It is alleged that Spider McLain was the one who assaulted him and the police are looking for him now. It is said that spider and Hollenback had been drinking together during the day and evening and that they were walking out of the Pacific saloon together when "Spider" struck him in the supposed pair of knucks, and then ran back through the saloon and out the back door.

Two men came to the injured man's assistance and he was lifted from the walk where he fell and placed on the front steps nearby. The police were summoned and took him to the station. A doctor was called to dress his wounds which are very painful though not dangerous.

## ARRESTED AND JAILED.

Two Bicyclists Were Caught on the Walks Yesterday.

Two more young men were caught riding on the walks yesterday and were placed in jail for a few hours before being brought before the police judge and commanded to replenish the funds of the city to the amount of a dollar piece. They seemed to part with their dollars more freely and in a better spirit than they took their short imprisonment. All who are caught on the walks now are being arrested in accordance with Chief Burt's order and this policy is having the desired effect. Where formerly the patrol wagon brought in a load of fifteen or twenty wheels now only one or two persons are caught on the walks.

The young men who partook of the city's hospitality and donated to her treasury yesterday were Jesse Lee and Harry Maxon.

## FUN IN COURT.

Negro and Irishman in City Court Yesterday.

There was more business and all around fun in the city court yesterday forenoon than for a long time before. Cases both civil and criminal have been few in Judge Alexander's court for several weeks and when finally a criminal case came up yesterday nearly all the court goes in the city were on hand. It was a jury trial and the court room was filled with eager spectators, some friends of the parties concerned and others who came out of mere curiosity. The case was that of the state vs. a negro named John Cabell in which that individual was charged with assaulting one son of the Emerald Isle, J. F. McCormick. McCormick runs a restaurant on East Douglas and it was brought out in the trial that because several customers resented the presence of the negro who was eating a dish of chili in the restaurant, the proprietor ordered him out, and when he refused to make an immediate departure Mr. McCormick led him to the door and showed him the street. The negro stated in court that he could not stand for this and while McCormick was picking something up from the sidewalk landed on him with his right. After the story had been told to the court Jim Conley, attorney for the colored man, rose and made an eloquent plea to the jury for his client. That body of men who had enjoyed the recitation of the trouble as much as anybody began to take a more serious view of it and when finally Mr. Conley closed his plea with the following words in a brogue slightly tainted with an Irish accent, "Any juror who would take the word of an Irishman in preference to that of a negro has no business on a jury," the six jurors trooped out of the jury room with solemn faces. After spending three hours discussing the points of the case the returning remarks of Mr. Conley they returned in verdict in favor of the colored gentleman and he walked from the court room a free man.

## NEGRO TURNED WHITE.

Peculiar Occurrence to Colored Man After Death.

Walter Howard, a colored man who died at 173 Meade avenue and was buried yesterday afternoon at Highland cemetery was the subject of one of the most peculiar phenomena that ever occurred in this city. Howard was a negro of the African type and his color before death was that of a very dark brown, but when he lay in the Blets undertaking parlors yesterday afternoon he was as white as the average American. He was not white in spots as is some times the case with colored people after death but was white to the tips of his fingers. He was not gray but white. The undertaker attempted to give no explanation of it and said it was the first case of the kind he had ever seen.

## WENT EAST YESTERDAY.

Probate Judge Wilson Has Gone on a Vacation.

Judge Wilson left yesterday for Sea Isle, N. J., where he will join his wife and family. Mrs. Wilson has been sick for several months, and after spending some time in Kansas City went on to New Jersey, where she has improved in health rapidly. Mr. Wilson will remain at Sea Isle for two weeks and Mrs. Wilson will return with him as far as Battle Creek, Mich.

Mrs. C. C. Barnes left for her home in Pauls Valley, I. T., after a two weeks visit with friends and relatives in this city.

## NO INSANITY HERE

Not a Case Filed in Probate Court.

## FOR FORTY-FIVE DAYS

First Time Such Has Occurred in Ten Years.

July and August of this year up to the present time have been remarkable months in the probate judge's office in this county for the lack of cases of insanity. The probate judge is not deploring the fact, but their total absence makes it a very noticeable fact and one that had not occurred before in ten years in this county.

In the past forty-five days, or since July 1, not one case of insanity has come up in probate court. July and August have long been considered the most probable months for cases of insanity and all previous records show that more cases have come before the court in those two months than in any other two months in the year. Last year the number of insanity cases filed in this court during July alone was four, and in the preceding year in the same month six cases were filed. Before that year for the past ten years the number has varied, sometimes many more, but never less, and this year is the first year in the past ten in which no cases have been filed during these two months.

Judge Wilson is at a loss to account for this, as he has ways held the theory that the increased rate of insanity during July and August was greatly due to the extremely hot weather. The general temperatures of July this year were higher than any of that month since the year 1892, and August thus far has been up to the usual standard, yet no cases of insanity have been filed. Whether Wichitans have decided to remain sane or whether the cases have been kept secret are questions, but the fact that none have been filed remains.

## THE POWER OF STEAM.

Many May See but It Takes Genius to Realize.

When James Watt saw the steam causing the kettle lid to jump up and down he said "There must be power in that steam that it can lift such a weight."

There was. Millions prior to him had seen the same phenomenon and regarded it as an unexplained mystery. Recent scientific research has put its finger on the "cause" of Dandruff, Falling Hair, and consequent Baldness, and has unearthed a tiny germ which eats the life from the roots of human hair. Newb's Hairpeps destroys this germ and consequently restores the hair to its natural state.

Sold by leading druggists. Send 10c in stamps for sample to The Herpelde Co., Detroit, Mich. Moore Drug Co., special agents.

## SMASHED THE BAR.

Derby Women Ordered Bartender to Get Out of Town.

There was quite a little excitement in Derby yesterday when a crowd of women excited by the prohibition talks of women at a revival meeting being held there, went to the only joint in the town and carried the stock of liquor to the Santa Fe depot. They returned and with hatchets and axes cut and smashed the bar and fixtures into kindling wood. The women were orderly but determined to wipe out the saloon in the town and did their work thoroughly. They did not spill any of the liquor but placed it so it could be shipped out easily. A young man named Stafford, who has been attending to the shop, was given a good lecture and ordered to leave the town within twelve hours. Stafford thought that the women meant business by their actions and left. The county attorney will be asked today to issue warrants against the women.

Mrs. Mary Trigg and Mrs. Jerome York of Pine Bluff, Ark., are visiting friends in this city for a few weeks. They formerly lived here and Mr. York was one of the county commissioners. They moved to Arkansas some time ago, where Mr. York engaged in the lumber business and has been very successful. Mrs. Trigg and Mrs. York are at 721 North Topeka avenue.

## Sweet Heart Watermelons

This morning we will have a big wagon load of Fresh Watermelons out of a car that arrived last night. Come and get a fine ripe Watermelon, fresh from the patch.
